

Second International Conference on Nanotechnology: Theory and Applications Cairo, 19 – 21 December 2022

Hybrid participation: In-person + Virtual

OBJECTIVES:

Nanotechnology has emerged as one of the most promising new developments that is revolutionizing the way human challenges can be met, for sustainable development. This compels us to create an international caliber periodic event, where researchers across all continents could meet, discuss and discover what other colleagues are developing. Exchanging ideas about nanotechnology potentials and challenges with industrials and decision makers is another objective. Conference also aims at creating solid and long-lasting ties between researchers from both developed and developing countries, through exchange of visiting professors and PhD students.

TOPICS

• Nanomedicine

Lab-on-chip, Organ-on-chip, Drug delivery, Drug discovery, Molecular dynamics, Tissue engineering, BioMEMS, Genetics, Proteomics, ...

• Nano for energy

Solar cells, Direct energy conversion, Energy storage, Biofuel, Fuel cells, Energy harvesting, Solar cells, Hydrogen energy, ...

• Nano for Water, food & environment

Desalination, Water treatment, Pollution control, Nanotoxicity, Food packaging, Precision agricultural, Nanopesticides and Nanofertilizers, ...

• Nano electronics

Nano electronics and Nanophotonic devices, MEMS/NEMS, optoelectronics and Quantum devices, Plasmonic and nano lasers (Spasers), Quantum based Photovoltaic, ...

• Fundamentals of nanotechnology

Physical, chemical and biological synthesis, Characterization, Nanoparticles, Nanowires, Nanofilms, Nanocomposites, Graphene, Fullerene, Metal organic framework, ...

• Nano for Industry

Smart materials, Composite materials, Materials with enhanced mechanical properties, Large scale production of nanomaterials, Applications in: Building industry, Petroleum industry, Restauration of monuments, ...

France

Organized by

Mansoura U.

Ain Shams U.

EiTESAL Assoc.

More distinguished
speakers expected

Data from previous conference

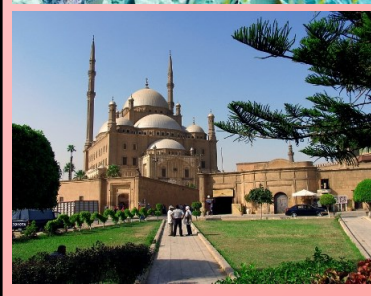

Contributions by origin: 15 Invited international talks, 35 international, 60 Egyptian
Contributing countries: From North America, Europe, Asia, Africa and Arab World)
Egyptian contributions: 16 public univ. 11 private univ. and 8 research centers

Scientific Committee

Why you should visit Egypt in 2022

according to Forbes.com

Deadlines

Extended abstracts for conference

Full paper for open access journal

Submit extended abstract	23 Sep 2022	Start receiving full paper	31 Aug 22
Abstract notification	30 Sep 2022	Submission deadline	28 Feb 23
Final abstract version	7 Oct 2022	Full paper notification	5 April 23
		Full paper final version	30 April 23

[Extended abstracts template – click here](#)

A selection of **full papers** will be published in special issues of:

- 1. Open access Elsevier Journal: "Ain Shams Eng. Journal"** ([see call here](#)). Journal ranking according to **Clarivate WoS**: IF=4.79; Rank by IF: **19/92 (Q1)**; Rank by JCI: **23/175 (Q1)**
- 2. Open access Journal: "Mansoura Eng. Journal"** (call will soon be available) [click here for Journal page on EKB](#)
3. Special issues in other journals to cover all conference disciplines will soon be announced.

➤ **Special publication fees will apply for conference attendees.**

Conference Fees Table (outside publication fees)	Attend +presentation	Attend only	Online +presentation	Online only
Non-Resident (in USD)	500	400	200	100
Resident in Egypt (in EGP)	2,000	1,600	800	400

➤ **Early bird** (Until 7th Oct 2022): **Deduce 20%** of above table

➤ **Student** (Postgrad & < 35 years): **Deduce 50%** of above table

➤ **NEW: 1-day flat rate for: Egyptian residents 900 EGP, Non-residents 200 USD**

Deductions are non-cumulative. Fees increase by 10% after 1 Dec 2022

To see what is included in fees and **Registration & Payment procedure:** [click here](#)

The conference will be held in **Mariott, Zamalek (5*)** At the heart of Cairo, in its central island at Zamalek, near the traditional Egyptian Museum, this hotel was built by Ismail Pasha, 1869 to accommodate international monarchs (Empress Eugenie) for the inauguration of Suez Canal. Today it combines the charm of history, a beautiful Nile view, and the luxury of modern hotels.

Special conference rates + affordable nearby hotels:
